Male														
Female														
TOTAL														

Give this form to the teacher before you begin reading.

While the volunteer is reading, as a courtesy, we ask that you record the above information for all people present during the reading. This includes you, the volunteer, any additional adults, and all of the students.

As a federal program, we are required to obtain the above information for statistical purposes. For some people, these areas can be sensitive topics, especially when the provided categories do not apply to all people.

Furthermore, one cannot always accurately identify these areas simply by looking at physical characteristics. Although we acknowledge the limitations of the above method, we appreciate your assistance in providing the data. Your best guess in providing the data will be sufficient. Most importantly make sure that the total numbers correspond to the total number of people present. Thank you!

*In some way,
agriculture
has touched your life today*
