Olsen	Products to control Rhizoctonia Root Rot	7,000	--
Umeda	Adoption of Trapping and Monitoring	10,000	6,000
Total		68,112	39,400

\$40,000 in funding was available this year through the IPM program. A total of 11 proposals were received, requesting total funding of \$68,112 (a 12th proposal was withdrawn). The committee reviewed the proposals and ranked them, incorporating input provided to Al Fournier by some committee members who were not present. After discussion, the committee decided to fund seven of the proposals, some of these at reduced rates as indicated.
