Issued in furtherance of Cooperative Extension work, acts of May 8 and June 30, 1914, in cooperation with the U.S. Department of Agriculture, Jeffrey C. Silvertooth, Associate Dean & Director, Economic Development & Extension, College of Agriculture and Life Sciences, The University of Arizona. The University of Arizona is an equal opportunity, affirmative action institution. The University does not discriminate on the basis of race, color, religion, sex, national origin, age, disability, veteran status, or sexual orientation in its programs and activities.

What is IPM? Integrated Pest Management (IPM) is a sensible, environment-friendly and effective way to solve pest problems. Pests are managed by the most economical means and always with the least possible risk to people, property and the environment. IPM works in any situation, and is the best way to manage pests in schools!

The Arizona School IPM Conference will be a great occasion for maintenance and operations staff, administrative staff, grounds and landscape managers, teachers, nurses, parents, persons working in similar environments such as childcare, elder, disabled or medical facilities, and pest control technicians to network and gain insights into the importance of integrated pest management in schools and childcare facilities, how a school IPM program works, and the role that each individual plays in its success.

There will be separate tracks for indoor and outdoor environments. Listen to talks by experts on various aspects of school IPM, share your experiences and questions with your peers, discuss strategies and find solutions to pest issues your school is facing. Give feedback on topics you would like to see in future events.

Continuing Education Units (CEUs):

Pesticide applicator licensees can earn 7 CEUs from the AZ Dept. of Ag., Division of Pest Management (formerly OPM) for attending the entire conference. Please make sure to bring your License Number to the venue.

Attendees will be able to visit with sponsoring vendors during the conference.

2nd Arizona School IPM Conference

Wednesday, April 24, 2019

Carl Hayden Community High School,
Building 1200 (Auditorium)
3333 W Roosevelt St, Phoenix, AZ 85009
