All,

OPMP would like to know the benefits and economic information on carbaryl usage in our region. Please send directly to David, Teung, and Elizabeth and cc me. Katie, I can do California. Thanks!

Keep smilin',
Amanda

Subject: FW: DRAFT DRAFT DRAFT - For your feedback - Carbaryl Information Request

Good morning,

Carbaryl is undergoing registration review (<https://www.regulations.gov/document?D=EPA-HQ-OPP-2010-0230-0001>).

EPA is also currently working on a nationwide Endangered Species Act (ESA) assessment (biological evaluations) for carbaryl and the National Marine Fisheries Service has agreed to complete a final ESA biological opinion for carbaryl by December 2018.

USDA OPMP is requesting your assistance in gathering benefits and economic information on carbaryl usage in your region. Please review the attached Pesticide Information Request document and respond with available information by Friday, September 30, to Dr. Teung Chin, OPMP, with CCs to Elizabeth Hill and David Epstein. Thank you, in advance for any input you can provide.

Please see the attached “Screening Level Estimates of Agricultural Uses of Carbaryl” (EPA, 2009) and Pesticide Information Request.

Regards, David
